Care Guide

Premium Custom T-Shirts

Cleaning

To maintain the quality, color and durability of your T-Shirt, please follow these care instructions:

- Machine wash inside out on a cold, gentle cycle with similar colors.
- Line dry in the shade to help preserve the fabric and print quality.
- Do not bleach, as harsh chemicals may damage the fabric and printed design.
- Do not tumble dry, as high heat can cause shrinkage or damage the print.
- Avoid ironing directly onto the print. If ironing is necessary, turn the T-Shirt inside out or place parchment paper over the printed area to protect the design.
