Care Guide

Premium Custom Trucker Caps

Cleaning

To maintain the quality, color and durability of your Premium Trucker Cap, please follow these care instructions:

- Use a soft damp cloth to gently wipe away marks or stains.
- To preserve the caps shape, avoid machine washing. Hand wash gently in cold water.
- Do not wring, bleach, iron or tumble dry.
- Allow the cap to air dry naturally, and store it away from direct sunlight to help maintain it's shape and color.
