Care Guide

Real Estate Flags

Maintenance

Make sure that you assemble the Real Estate Flag correctly in accordance with our assembly guide and that:

- All screws are intact and tight
- Ensure the flag loop is hooked onto the clip and tightened securely into place

Cleaning

We recommend that the flag is cleaned regularly. To clean the fabric use a mild detergent in warm water with a soft mop or cloth. It is important to note that no solvents or abrasive cleaners should be used on any part of the fabric. To avoid the growth of mildew it is important that the fabric is completely dry before being packed away.

General Use

The Real Estate Flags should not be used in extreme weather conditions to avoid possible damage.

When assembling the Real Estate Flag be mindful of it's surroundings to minimise any damage, make sure it's clear of sharp objects to avoid wear and tear.
